

## *Core Values of Goonawarra Primary School*

Constant attention is given in the classroom and across the school towards reinforcing the values, which are felt important for students, staff and the whole school community – a school, at home and in life.

This year the staff has summarised the main key words, which define the core values of the school. Many other values and important personal and social characteristics stem from these.

### **Goonawarra is G.R.E.A.T!**

At Goonawarra we aim to be –

<b>Generous</b>	(getting along, giving, honourable etc.)
<b>Responsible</b>	(cooperation, sensible, dependable etc.)
<b>Enthusiastic</b>	(energetic, encouragement, passionate, devoted etc.)
<b>Ambitious</b>	(persistence, determination, doing your best, having a go etc.)
<b>Trustworthy</b>	(respect, acceptance, integrity, honesty, reliant etc.)

All families are encouraged to talk about the values and discuss how they apply to their lives, as well as their practical application. Eg: What does being generous mean? How could you show generosity to other people?
