

Goonawarra PS
Student Placement for 2019

This form is the official template for parents / guardians to use if it is felt necessary to inform the school of issues which may affect the placement of students in classes for next year.

If you have notified the school in the past of an issue which is still relevant, please use this form to make sure your request is still considered.

This form is not to be used to select friendship groups or a teacher. The professional teaching staff will take into account many factors when constructing the grades for next year such as the academic abilities of all students, friendship groups, gender balance, dynamics between students, the history of past placements etc.

It is requested that your area of concern be discussed with this year's classroom teacher so that they are totally aware of the situation.

Completed forms need to be returned to me via the office in an envelope marked 'Confidential' by Monday 5th November.

Regards

Alan Fairweather
Principal

Student's Name: _____ **2018 Class:** _____ **2018 Teacher:** _____
