

Dear Parents,

Goonawarra Primary School will be hosting a **ThinkUKnow** presentation on **Wednesday 21st March at 7pm** and all parents and carers are encouraged to attend.

ThinkUKnow Australia is a cyber safety education program that educates parents, carers and teachers of how people are using technology, the challenges they may face online, and how to help them overcome these in a safe and ethical way.

ThinkUKnow Australia is a partnership between the Australian Federal Police, Microsoft Australia, Datacom and the Commonwealth Bank. The program is delivered in collaboration with policing partners around Australia, as well as Neighbourhood Watch Australasia.

The presentation will be delivered by a local law enforcement member and an industry volunteer. The presentation covers issues relating to children and young peoples' privacy and security online, their relationships with other users and their online reputation. It provides insight into the devices young people are using, as well as the popular websites, apps and social networking sites they're accessing.

This is a fantastic opportunity for you to learn more about young people and the online environment, and how you can help them to be safe and responsible users of technology.

For more information, you can visit www.thinkuknow.org.au or contact **Amy Hughes**.

If you are interested in attending the presentation, please send the below slip back to the office by **Wednesday 14th March**. Please remember this is an **adults only** presentation and children are **not able** to attend this presentation. Parents from all areas of our school are encouraged and invited to attend.

Amy Hughes

I am interested in attending the **Think U Know** presentation on **Wednesday 21st March, 2018**.

Name:

There will be

adult/s attending
